Bob Thanks for the offer. Right now we have enough, its handled through OSWER funding.

I'll keep this for future reference if you don't mind.

I'll be in the EOC this week through Thursday. Friday – Monday out on leave returning here Tuesday.

You can take a look at pictures etc at

<http://www.epaossc.org/site/regionmap.aspx>

click on Region 8 look for Gold King Mine Release Incident.

Bob

Bob,

Are there specific sampling and analysis support services that you all need to support your efforts at the AMD spill site in SW Colorado?

Thanks to you both for reaching out. I am hearing that the sampling and analysis is straining our current contract support. Can you help identify possible lab support via contract or an ORD lab? I think water analysis is still the primary need, but we will probably need sediment analysis in the next phase.

It will be helpful to have names of everyone in OW with expertise on treatment so we can consult if needed.

Thanks again.

Colleen
